Requirements for Eligibility

Arts and Crafts Booth items are restricted to hand-made arts and crafts only. No flea market, garage

sale, or resale items are allowed. The selling, serving or tasting of malt liquor, alcoholic beverages, or tobacco products within the festival boundaries is prohibited except for those businesses that sell those items from a property within the festival boundaries 12 months out of the year. Edible items must be prepared and prepackaged in advance, not on site. The Committee reserves the right to remove any item from sale that is deemed inappropriate or which fails to meet our criteria. All applicants must submit 2 or 3 photographs of the work they will bring to the show. Each photo must have return address information on the back. If you wish the photographs returned, please include a self-addressed, stamped envelope of sufficient size. Photos will be returned after vendor selections have been completed. Acceptance will be based on quality of design and creative use of materials as well as excellence in craftsmanship. The Booth Committee reserves the right to exclude non-compliant vendors from future shows. Your permanent Kansas Sales Tax Number **MUST** be included with your application. Returning vendor status will not be considered in the jury process. You may state on your application a preferred location, however this will not guarantee you will be accepted or assigned to that location. Attempts will be made to place vendors at or near a requested location, **HOWEVER**, late applications will be treated as such and no promises apply, regardless of how many years a vendor has attended the Festival. Vendors requesting two day spaces are expected to maintain the booth both days with sufficient product to sell both days. Decisions by the Committee are final.

Vendor Information

The allotted space per booth is 10 feet in width (frontage) and approximately 8-10 feet in depth. The depth varies depending upon the location of the booth. Tent or canopy size is restricted to 10 x 10 or smaller. We do not provide tents, tables or chairs. The vendor is responsible for setting up and taking down his own booth. It will be your choice to either take down entirely or leave your booth standing overnight. Although attempts will be made to provide security, please be advised that vendors assume all risk for accidents and losses to themselves and exhibits. The Baldwin City Community Maple Leaf Planning Association, Inc. cannot be responsible for theft and damage to merchandise or personal property. **We strongly suggest all vendors carry liability insurance.** The Booth Committee must approve any substitution of product or vendor. It is strongly recommended that all booths have fire extinguishers conveniently located in case of emergency. The City Fire Chief recommends a minimum of two five-pound extinguishers. It is expected that the area in and around the space your booth occupied during the Festival will be returned to its previously existing condition prior to your departure. Some booth spaces are smaller than others and some store fronts have awnings. You should also be aware there are trees spaced throughout the area. Be sure to include the dimensions of your booth on your application, including the tent height.
